DON'T EVER BE COLD AGAIN!

Whether you're skiing or at the Advent market - with our products you'll have warmer hands and feet and therefore automatically feel better in winter.

For over 30 years, ALPENHEAT has stood for **innovation, continuous development and creative reinventions**. With each new generation of products, we set standards in the field of heating technology and guarantee you warmth, comfort and quality that you can rely on. Trust in decades of experience and let yourself be inspired by the latest technologies – **ALPENHEAT is YOUR partner for well-being in all seasons**.

Heated vests, trousers and gloves from ALPENHEAT ensure comfortable warmth during your outdoor activities - for several hours. Enjoy supreme comfort, even in cold weather, and stay active wherever you are. At the request of many customers, selected products can now be controlled with our free APP. Say goodbye to unpleasant smells and damp shoes! Our shoe dryers ensure that your shoes always stay fresh and dry. They not only prevent annoying odors, but also protect the material from harmful moisture. Give your shoes the care they deserve and enjoy the comfort of dry, odor-free shoes - day after day! Special neoprene insulation layers optimally protect against cold in ski boots, while innovative shoe spikes protect against slipping on icy surfaces - perfect for any winter adventure. We also have something to keep you cool in summer: revolutionary new fabric materials in our IceTowels enable long-lasting refreshment and cooling.

Development
and continuous
improvement of
our product range
strengthens
our position
in the market.

MODEL: AD1

Dry4

Shoe dryer

- Quick and powerful – reduces bacteria
- Dries 4 shoes/gloves/helmets/garments simultaneously
- Heat or no heat for leather shoes
- 3 hour timer
- Output: 220 watt
- Size: L: 26 x W: 19 x H: 29,5 cm
- Weight: 1.4 kg

Set Content:
1 dryer (AD1)

MODEL: AC35

FireTube

Extensions for Dry4 (AD1)

ALPENHEAT's FireTube extensions are compatible to use with ALPENHEAT's dryer Dry4 (AD1) and are perfect for drying all types of long boots. Hunters and sports shooters can also use the dryer extension AC35 to dry the silencers of their guns.

- Size: L: 7 x W: 12 x H: 44 cm
- Weight: 0.8 kg (both extensions)

Set Content:
1 pair of extensions (AC35)

MODEL: AD2

UniversalDry

Shoe dryer

- Reduces odour and bacteria
- 3 different attachments (1 pair of shoes, 2 pairs of shoes, 1 pair of long boots)
- Dries shoes/boots/gloves/helmets/hats and other garments
- 2 heat settings
- Controls: On/Off, 3 hour timer
- Output: 230 watt
- Size: L: 23 x W: 18 x H: 37 cm
- Weight: 1 kg

Set Content:
1 dryer (AD2), 3 pairs of attachments, wall mounting fixture

MODEL: AD11

CompactDryIonizer

Shoe dryer

- Reduces odour
- Antibacterial effect thru the Ionizer
- Ideal for drying sweaty and wet footwear
- Extendable and collapsible for compact storage
- Controls: On/Off, 2 hour timer
- Output: 280 watt
- Size: L: 26 x W: 16 x H: 34 cm
- Weight: 1 kg

Set Content:
1 dryer (AD11)

MODEL:
AD9 (230V orange)
AD10 (230V green)
AD20 (5V orange)

Circulation

Shoe dryer

- With built-in UV light to kill bacteria
- Compact, portable and light-weight
- Fits easily in any shoe or boot
- Silently warms in minutes and dries in hours
- Air circulation holes
- Output: max 9 watt
- AD20 with USB-C Adapter
- Size: L: 16 x W: 3 x H: 5 cm
- Weight: 0.2 kg

- orange
- green

Set Content:
1 dryer (AD9, AD10 or AD20)

MODEL: AD14
(12V & 100V-240V)

2 in 1 Circulation

Shoe dryer

- 12V plug and adapter with household plug
- Adapter for 100-240V - universal use is possible
- With built-in UV light to kill bacteria
- Compact, portable and light-weight
- Fits easily in any shoe or boot
- Silently warms in minutes and dries in hours
- Air circulation holes
- Output: max 9 watt

Set Content:
1 dryer (AD6), 1 adapter (AC36)

MODEL: AD8

Radiator

Shoe dryer

- Silent
- Space saving
- Universal mounting methods:
 - wall
 - floor
 - free-standing
- Power: 230V / 50Hz
- Output: 28 watt
- Size: L: 65 x W: 10 x H: 33 cm
- Weight: 3.5 kg

Set Content:

1 dryer (AD8), various screws for mounting on the wall or floor, legs for free-standing

MODEL: AD8-S

RadiatorExpand

Shoe dryer

- Expandable, using just one electricity outlet
- Silent
- Space saving
- Universal mounting methods:
 - wall
 - floor
 - free-standing
- Power: 230V / 50Hz
- Output: 28 watt

Set Content:

1 dryer (AD8S), various screws for mounting on the wall or floor, legs for free-standing

MODEL: AD16

Roundabout

Shoe dryer

- Silent
- Space saving
- Free-standing
- Dries 2 pair of shoes simultaneously
- Controls: On/Off
- Legs can be dismantled
- Power: 230V / 50Hz
- Output: 30 watt
- Size: L: 33 x W: 32 x H: 33 cm
- Weight: 0.8 kg

Set Content:

1 dryer (AD16), various screws and legs for free-standing

MODEL: AD17

RadiatorEcoline

Shoe dryer

- Silent
- Space saving
- Free-standing
- Dries 4 pair of shoes simultaneously
- Controls: On/Off
- Power: 230V / 50Hz
- Output: 60 watt
- Size: L: 53 x W: 35 x H: 42 cm
- Weight: 2.5 kg

Set Content:

1 dryer (AD17), various screws and legs for free-standing

MODEL: AD18

Cabin

Shoe dryer

- Silent
- Space saving
- Perfect for changing rooms or ski-boot drying rooms
- Controls: On/Off
- Only wall mounting
- Power: 230V / 50Hz
- Output: 40 Watt
- Size: L: 53 x W: 13 x H: 18 cm
- Weight: 1.3 kg

Set Content:

1 dryer (AD18), various screws for mounting on the wall

MODEL: AJ4-APP

FireVest

Heated fleece vest

- Light-weight and cosy fleece
- Ideal mid-layer for wearing under coats/jackets/anoraks
- Heat duration 2,5 – 7,5 h (BP3)/2 – 8 h (BP3c)/ 5 – 14 h (BP4)/ 3 – 13,5 h (BP4c)
- Push button operation or control via APP
- Extremely versatile and allows full freedom of movement
- 2-way zip YKK®
- Large heating element in back area
- Washable up to 30°C
- 10 sizes: XS – 6 XL
- Colour: black
- Material: 100% polyester fleece
- Charging time approx. 4 h (BP3)/8 h (BP4)

BP3/BP3c battery pack

BP4/BP4c battery pack

USB/USB-C Charger and cable

- 4 heat levels
- Heat duration: 3 – 13.5 h
- Push button operation
- Battery level indicator
- Size: 57 x 80 x 25 mm
- Weight: 125g
- Charging time approx. 8 hours

CHARGING OPTIONS

Recharger: USB 5V charger 100-240V 50/60Hz

The battery can be charged using the supplied USB or USB-C charging cable and USB or USB-C charging adapter from the socket. It is also possible possible to charge the battery using an alternative USB or USB-C socket - simply simply unplug the USB cable from the plug and connect it to a power bank, laptop or in the car, for example.

Our USB or USB-C 5V charging adapters 100-240V 50/60Hz can be used worldwide (EU or US plug).

- Cleaning:
 - Washable up to 30°C delicate cycle, do not bleach, no fabric softener, do not iron
 - Dry before storage

Colours

- black
- blue
- red
- pink
- orange
- green

Set Content:
1 Cooling towel

SUSTAINABILITY

SUSTAIN OUR PLANET - PERCEIVE SUSTAINABILITY

There has never been a time in mankind before, when taking care of sustainability was as important as it is now! As a company selling its products worldwide, it is important for us to do it the right way: right for our planet - right for our future - right for ourselves.

PLASTIC POSITIVE

We are a plastic positive company. We offset our products plastic footprint by supporting the Scandinavian company Empower (<https://empower.eco>). Together we recover 2 kg of ocean-bound plastic to compensate for the 1kg of plastic used in our products. 2 kg of plastic is the equivalent of 160 PET bottles!

Empower is building a global plastic waste ecosystem. This is done by setting up collection points around the world, together with partners who then issue financial rewards in return for the deposit of plastic. All the plastic is registered digitally when deposited, allowing it to be traced through the value chain. This creates transparency and traceability and allows waste flows to be mapped and to ensure that the plastic ends up where it has the highest value and the lowest cost to society. Empower is now in more than 15 countries incentivising the collection of plastic waste, kick-starting waste management systems and building transparency in the supply chains of recyclers and plastic producers.

100 % FREE OF SINGLE-USE PLASTIC

More than 300 million tons of plastic are produced every year. In Europe, the packaging industry accounts for 40 percent of plastic, which is why we have decided not to use single-use plastic for our products and thus making our contribution to protect the ocean.

100 % GREEN ELECTRICITY

We are aware of our planet, our climate and our future; therefore we use green electricity at our headquarters and in our warehouse generated 100% from Austrian hydropower.

RECYCLING

Together with the company Interseroh we make sure that our packaging is recycled saving our planet's resources.

ALPENHEAT

We heat - you smile.
